-

Páls Høll, Vágur

Innbjóðing til Susvim stevnu í Páls Høll í Vági

Kappingarleiðari: Marlon Kjærbo

Yvirdómarar: Annika Næs Johannesen og Thurid Kjærbo

## 1. ENTRIES

- Entries must be sent to [atlivester@hotmail.com](mailto:atlivester@hotmail.com) and won't be accepted after 21:00 of Wednesday, 9<sup>th</sup> of January, 2019.
- Each swimmer must be entered in all events for his/her specialty to qualify for the final Specialist Swimmer ranking.
- Swimmers may also be entered in other events, to a maximum of five (5).
- There are six (6) specialties: **Butterfly**, **Backstroke**, **Breaststroke**, **Freestyle**, **Sprint** and **Distance**. For the specialties of the four strokes, swimmers must enter the 50, 100 and 200 meter events in that stroke. For the **Sprint** specialty, swimmers must enter the four 50 meter events. For the **Distance** specialty, swimmers must enter the 800 FR, 400 IM and 1500 FR.
- No more than twelve (12) swimmers will be accepted for the **Distance** specialty in each gender. If the number of entries is above twelve, exclusions will be decided according to the sum of FINA points of the entry times, and the clubs will be informed to allow the swimmers to enter different events.

## 2. RESULTS

- The final ranking for each specialty, in each gender, will be decided according to the sum of the points obtained in all events of the specialty. The most recent FINA point table will be used.
- If a swimmer is disqualified (DSQ) or doesn't enter (DNS) an event, he/she will score zero (0) points in that event and will be excluded from the final ranking of the specialty. However, if a swimmer doesn't finish (DNF) an event, he/she will score zero (0) points in that event but won't be excluded from the final ranking.
- If there is a tie in the ranking for a specialty, the swimmer with the best performance (in FINA points) in any of the events swam will be ranked higher. If the performance is the same for the tied swimmers, the second highest performance will be used, and so on.

### 3. CLUB RANKING

- There will be a ranking per team, calculated using the average FINA points obtained by the 4 swimmers (2 female and 2 male) of the club with the highest FINA points average.
- If there is a tie in the ranking, the team with the best performance (measured in FINA points) in any of the events swam will be ranked higher. If the performance is the same for the tied swimmers, the second highest performance will be used, and so on.
